Departure of the Last of the French from Vera Cruz -Liberals Investing the City— Tampice Still Occupied by the Imperial-ists, &c., &c. Galveston, March 22d.—A special dis-

Marshal Bazaine and the last of the French troops left on the 15th inst. The French iron-clads Magenta, Magaine and Flanders, and a fleet of gunboats, were still at Vera Cruz, and would sail on the 16th. The Liberals were investing the city, having possession of the railroads and waterworks, and an attack was daily expected. A number of Imperialists, it is understood, have obstreed a vessel to be ready at any moment to take them out of the country.

No person is allowed to leave the city by the gates, and it is difficult to obtain reliable news from the interior. It is the impression that in a short time Vera Cruz will be in possession of the Liberals.
